

**Louisiana Pollutant Discharge Elimination System (LPDES) General Permit
For Storm Water Discharges from Construction Activities**

**Permit #s
LAR100000, LAR200000**

Pursuant to the Clean Water Act, as amended (33 U.S.C. 1251 et seq.), and the Louisiana Environmental Quality Act, as amended (La R. S. 30:2001 et seq.), rules and regulations effective or promulgated under the authority of said Acts, the Louisiana Pollutant Discharge Elimination System (LPDES) General Permits are issued. These permits authorize the discharge of storm water from construction activities to waters of the State, in accordance with the conditions and requirements set forth in the permits.

Please note that there are requirements associated with these permits, depending on the size of the project. Listed below are the conditions, grouped by project size. If you have any questions, you can contact Lafayette Consolidated Government Environmental Quality Division, Regulatory Compliance Section or Louisiana Department of Environmental Quality.

To review the state permits: deq.state.la.us/permits/lpdes/pdf/lar100000.pdf
deq.state.la.us/permits/lpdes/pdf/lar200000.pdf

Sites less than one (1) acre: If the disturbed acreage at construction is less than the State regulated limit of one (1) acre, no regulations, but it is suggested that erosion control be implemented during and after construction for storm water pollution control during a storm event. Unless the site is a part of a larger development, then see below.

Sites between one (1) and five (5) acres: As per LAR200000, a Storm Water Pollution Prevention Plan (SWPPP) is required for the site. A site specific SWPPP must be created, implemented, and maintained before and during construction. A copy of the SWPPP must be kept on site. For a SWPPP checklist, go to lafayettela.gov. Written notification of intent to be covered under this permit is not required; there is automatic coverage for sites this size. When a project is complete and the site has been properly stabilized in accordance with the permit (Part III.D.2.a.2), the owner/ operator shall submit a Completion Report form to the LDEQ. For an example Completion Report, go to lafayettela.gov.

Requirements:

1. SWPPP
2. Completion Report

Sites over five (5) acres: As per LAR100000 Part II, the permittee is required to send a Notice of Intent (NOI) before construction begins. For Notification Report, go to lafayette.la.gov. A site specific SWPPP must be created, implemented, and maintained before and during construction. For an example SWPPP, go to lafayette.la.gov. A copy of the SWPPP must be kept on site. There is also an annual permit fee to the Louisiana Department of Environmental Quality associated with projects larger than five (5) acres. Also, a Notice of Termination (NOT) must be sent at job completion in accordance with Part VIII of this permit. For Notice of Termination, go to lafayette.la.gov.

Requirements:

1. SWPPP
2. Notice of Intent (NOI)
3. Notice of Completion (NOT)
