

From Chief Oscar Benoit

To All Parks and Recreation Center Participants:

This letter is to inform you that when you come to our parks and recreations center please keep these safety tips in mind.

1. Please keep all of your valuables out of sight. This includes purses, wallets, cell phones, GPS receivers, and anything else that is valuable to you.
2. Put these items in your trunk or leave them at home.
3. Park only in well lighted areas.
4. If you notice lights that are out or not properly working, contact the center supervisor or call the park maintenance supervisor at 291-5559.
5. If you see anything suspicious, tell the center supervisor or call 911.

Car burglaries are rare at our parks and centers and are considered “Crimes of Opportunities.” Thieves will walk by and check your doors to see if they are unlocked, or look to see anything of value so LOCK YOUR CAR DOORS.
