Consolidated Government

**Program Year 2023  
Consolidated Annual Performance  
and Evaluation Report  
(CAPER)**

**Prepared By:**

**LCG, Community Development and Planning Department  
Lafayette, Louisiana**

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

During Program Year 2023, Lafayette Consolidated Government (LCG), Community Development and Planning Department (CDP) addressed the following:

#### **Affordable Housing**

- LCG-CDP provided standard, affordable housing to low/moderate-income households through LCG-CDP's Owner Housing Rehabilitation/Relocation Programs, Housing Loans Program, and assistance to Lafayette Habitat for Humanity's New Housing Development Program.

#### **Public Services**

- LCG-CDP's Human Services Division's Neighborhood Counseling Services Program has provided housing-related services to assist low/moderate-income households in finding housing, purchasing homes, home maintenance, and other housing-related services.

#### **Providing a Sustainable Living Environment**

- LCG-CDP addressed sustainable living environments through its Demolition Grant Program.

#### **Economic Development**

- LCG-CDP provided small business development loans through the Lafayette Neighborhoods Economic Development Corporation (LNEDC).

**Special Needs Housing**

- LCG-CDP addressed Special Needs Individuals through assistance to Acadiana CARES by rehabilitating the electrical system of their facility that provides emergency transitional housing to clients with substance abuse problems.

**Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

During PY 2023, LCG-CDP used CDBG and HOME funds to address the high-priority needs and specific objectives identified in the LCG 2023/2027 Consolidated Plan by providing minor and major housing rehabilitation with temporary relocation for low/moderate-income homeowners; construction of new housing units; housing-related public services; demolition of dilapidated and dangerous structures within low/moderate-income residential areas; and loans to small and minority-owned businesses to create low/moderate-income jobs. Lafayette Habitat for Humanity completed the construction of three (3) houses for Low- and Moderate-Income households. LNECD provided seven (7) loans that created twelve (12) FTE jobs, nine (9) of which went to low- or moderate-income persons. Lafayette Habitat for Humanity built three (3) single-family housing units that were sold to low/moderate-income families.

This is the first CAPER in LCG-CDP's 2023/2027 Consolidated Plan. LCG-CDP continues to work with the community to identify and fund high-priority projects as outlined in the 5-Year Consolidated Plan.

## CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

<b>Total</b>	<b>612</b>	<b>9</b>
Hispanic	16	0
Not Hispanic	595	9

**Table 2 – Table of assistance to racial and ethnic populations by source of funds**

### Narrative

The HUD guidelines for eCon Planning Suite CR-10 state, "The performance report must include a description of the race and ethnicity of families and person assisted." The heading for the table above states the table is reporting on "families assisted." However, LCG-CDP collected information on assistance provided to families and individuals, so the numbers entered include both. Also, the numbers shown in the table do not include the households assisted by the LCG-CDP Relocation Program since they were counted under the LCG-CDP's Owner Housing Rehabilitation Program.

**CR-15 - Resources and Investments 91.520(a)**

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

HOME matching requirements were satisfied through the use of prior-year excess match funds.

The primary source of LCG's excess match funds is the non-federally reimbursed expenses incurred by Habitat for Humanity's HOME-Funded new housing construction activities and the donation of various adjudicated properties to Habitat for Humanity by LCG so they can build affordable housing for LMI households using HOME funds. See the "Match Contributions for the Federal Fiscal Year" table below for full details.

In addition, the CDP staff audited the HOME Match Log to ensure the match and the supporting documents were complete and accurate. During the audit, various adjustments were made to correct the log which created an additional contributions that is reported in this report. The type of adjustments includes addition errors on manual forms, carryover balance keypunch errors, and match requirement reductions not applied.

<b>Fiscal Year Summary – HOME Match</b>	
1. Excess match from prior Federal fiscal year	1,620,342
2. Match contributed during current Federal fiscal year	786,231

Table 12 – Number of Households Supported

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

The LCG-CDP Housing Rehabilitation Program did not meet its goal due to the following factors:

- Staffing shortages
- Continued backlogs of building materials due to supply chain problems resulting from COVID-19
- Increased costs of materials and labor have limited the number of houses eligible for rehab

LCG-CDP’s First-Time Home Buyer program did not meet its goals because of steep increases in housing costs in the area, creating an unaffordable environment for many LMI buyers. Like most communities, Lafayette has a significant shortage of housing, especially affordable housing. In addition, home insurance premiums have significantly increased in Louisiana in recent years due to several catastrophic storms driving out insurance companies. The higher interest rates set at the federal level have also caused housing to be put further out of reach.

**Discuss how these outcomes will impact future annual action plans.**

LCG-CDP has stabilized its staffing issues, which should allow our capacity to increase in the future. LCG-CDP has also increased the major rehab grant allowance limit from \$50,000 to \$75,000. It may reduce the number of houses we are able to assist, but it will allow us to work on houses that did not previously qualify for assistance because the work that needed to be done surpassed the grant allowance.

LCG-CDP’s First-Time Home Buyer program has increased the grant award from \$11,000 to \$20,000 to allow a larger downpayment for households to have a better chance of obtaining an affordable mortgage payment schedule. This will reduce the number of families we can assist on an annual basis.

LCG-CDP will continue to evaluate our programs to ensure we are in the best position to help as many people as possible with the current funding available. We will reduce our annual goal numbers to better align with the increased costs and award amounts.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Households Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	7	0
Low-income	2	5
Moderate-income	11	5
<b>Total</b>	<b>20</b>	<b>10</b>

**Table 13 – Number of Households Served**

**Narrative Information**

During PY 2023, housing assistance was provided by LCG-CDP’s Major and Minor Housing Rehabilitation, First-Time Home Buyer Loan Program, and housing provider funding. Both programs utilized a combination of CDBG and HOME funds.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

Outreach staff from various member agencies of Acadiana Regional Coalition on Homelessness and Housing (ARCH) conduct street outreach activities in locations where individuals who are homeless are known or likely to congregate or sleep. If a known individual hasn't been seen in a while, outreach workers contact area jails and hospitals to attempt to locate the client. These workers actively search for and identify people who are not engaging in homeless programs and services. When a person experiencing homelessness is identified, a coordinated entry assessment is conducted for the household.

ARCH facilitates the process and establishes the procedures for the Acadiana region's coordinated entry system. The coordinated entry process includes a detailed assessment that is designed to evaluate and score a person's vulnerability and acuity of need. This information then refers the individual to the appropriate permanent housing resources. The coordinated assessment is conducted by outreach staff during the intake process of every emergency shelter, transitional housing facility, and hygiene facility for unsheltered persons.

ARCH has also implemented best practices from across the nation in order to assess for and facilitate referrals to mainstream and employment resources for those who are experiencing homelessness. Training for the coordinated entry process is conducted annually, and a team of agencies meets quarterly to adjust current procedures to ensure that they remain effective and efficient.

Unfortunately, despite all these efforts, the region has continued to see an increase in homelessness because of drastic increases in insurance premiums, causing housing to become more unaffordable.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

Lafayette Parish has two emergency shelters for men, one for those impacted by domestic violence, and one for any household. In addition, there were two transitional housing programs. There was also an additional men's emergency shelter and a women's emergency shelter located outside Lafayette, part of ARCH. The emergency shelter programs in the surrounding parishes could accept individuals from Lafayette into their facilities as needed. Three of the shelters offered "low-barrier" spaces for overflow beds - on a year-round basis, others on nights when inclement weather.

Costs for these shelters' operations have steadily increased, and available funding has decreased. There are concerns that beds will be lost or a shelter may close altogether.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

All CoC agencies serving as coordinated entry sites are trained and kept up to date on existing homelessness prevention resources. They are also trained in diversion tactics to prevent homelessness and/or returns to homelessness. Relationships with discharge planners from health and corrections programs have been established to assist with discharge planning that does not lead to further homelessness.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

ARCH has implemented coordinated entry policies and procedures that follow the most recent HUD guidelines, utilizing a single by-name-list, prioritizing the placement of the most vulnerable people in our service area, including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth, into permanent supportive housing.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Lafayette Housing Authority (LHA) has a new board appointed by the new Mayor-President to review all policies and opportunities for increasing public housing. With the retirement of the current Executive Director, the board intends to perform a national search for her replacement with an emphasis on improving and expanding available units as directed by the Mayor-President's priority to reduce homelessness in the community.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

LHA will work closely with the elected Resident Council to provide activities to its residents, including but not limited to Mother's Day and Father's Day Appreciation events. LHA will also encourage participation from its Resident Advisory Board (comprised of Public Housing participants) in its review of all Annual and Five-Year Plans, changes to the ACOP (Public Housing policies) or other management policies, and its strategic planning process. Additionally, LHA will meet with Public Housing residents as needed to educate them on any federal changes that might have impacted how the PHA administers its Public Housing Program.

LHA will also reinstate its Family Self Sufficiency Program (FSS), after more than ten (10) years of inactivity. The FSS Program will allow the PHA to connect HUD program participants to existing public and private resources in the community that support increased economic self-sufficiency. The LHA will continue its partnership with Lafayette Consolidated Government's (LCG) Neighborhood Counseling Services Division for the successful delivery of counseling and education services, including but not limited to home maintenance, financial literacy, budgeting, understanding credit, overcoming credit challenges, home buyer education, mortgage default and delinquency prevention, and more. All sessions and/or classes are free to the PHA program participants.

LHA has partnered with LCG-CDP's Neighborhood Counseling Services Division as well as SMILE for the successful delivery of counseling and education services, including but not limited to home maintenance, financial literacy, budgeting, understanding credit, overcoming credit challenges, home buyer education, mortgage default and delinquency prevention, and more. All sessions and/or classes are free to the PHA program participants.

### **Actions taken to provide assistance to troubled PHAs**

Not Applicable

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

LCG-CDP has identified barriers to constructing new or additional affordable housing, including restrictive zoning and land use policies that require large lot sizes, expansive setbacks, and limitations to the number of units per lot that discourage anything larger than a duplex. Lafayette also has numerous smaller vacant lots because the property has been adjudicated to the City-Parish. LCG has donated some of these properties to various non-profit organizations to utilize as sites for affordable housing projects. However, the legal costs to clear the titles are significant due to various requirements set in state law. In addition, limited CDBG and HOME resources are available to assist in subsidizing projects that would make new housing projects more affordable.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

As a result of reduced federal entitlement funding, LCG-CDP has made changes to its in-house programs and has reduced the types of CDBG and HOME-eligible activities that are funded. In doing so, the LCG-CDP hopes to significantly impact the most pressing of its housing and community development needs. Without adequate funding, there is very little LCG-CDP can do to address underserved needs. Virtually all of the housing and community development needs identified in the Consolidated Plan are greater than current funding can address. LCG-CDP partners with local agencies to leverage outside resources and to provide the housing and housing-related services identified as priorities in its Consolidated Plan. As in the past, LCG-CDP will continue seeking new, non-entitlement funding when available.

The LCG Planning and Development Divisions have formed a committee and worked with various local and national experts to identify current policies and codes that create barriers. The committee's objective has been to increase density and make sensible changes to the current zoning and land use codes. The committee has also agreed to work with one of the neighborhood organizations to perform a pilot program to invest resources in an area of need. This includes donating adjudicated properties and assisting with the cost of clearing titles. The Grants Administration Division is on the committee in an observation role.

LCG has contacted various community partners to identify new funding opportunities that can be used in conjunction with CDBG and HOME entitlement funding to maximize investment for more affordable housing. There will be ongoing discussions with non-profits and elected officials on how to utilize philanthropic and local funds best.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

Due to liability and lead abatement costs, LCG-CDP currently does not rehabilitate homes with lead-based paint. Homes that tested negative for lead-based paint were assigned priority points and placed on the waiting list for possible assistance. Owners of homes that tested positive for lead-based paint were provided a copy of the inspection and information regarding remediation. LCG-CDP was recently awarded a Lead Hazard Reduction Capacity Building Grant, which is anticipated to lead to successful remediation of homes that did test positive for lead-based paint.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

During PY 2023, the following programs operated within the LCG to assist low/moderate-income households in securing the training, knowledge, and services required for obtaining employment. These programs included:

Workforce Innovation and Opportunity Act (WIOA): Acadiana Workforce Solutions serves Lafayette Parish and surrounding parishes by using federal funds to provide various services to businesses and job seekers through the Lafayette Business and Career Solutions Center. WIOA programs include employment and training services for adults, dislocated workers, and youth and Wagner-Peyser employment services administered by the Department of Labor (DOL) through formula grants to states; and adult education and literacy programs and Vocational Rehabilitation state grant programs that assist individuals with disabilities in obtaining employment administered by the Department of Education (DoED).

Louisiana Community and Technical College System (Acadiana Technical College Lafayette and South Louisiana Community College): Prepares Louisiana's citizens for improved quality of life, workforce success, and continued learning by producing knowledgeable, skilled, and confident citizens who are ready for the future, ready for the workplace, and ready to continue learning. Programs include short-term workforce-specific classes, certificates, diplomas, and associate degree programs.

Adult Education Program (HiSET programs): This program assists people who have not completed high school. Adult students will be eligible for a Louisiana State High School Equivalency Diploma.

SMILE Community Action Agency: SMILE serves as a primary provider of social services in the tri-parish region of St. Martin, Iberia, and Lafayette. SMILE programs include Head Start, transportation, HUD counseling, emergency assistance, family transitional shelters, and weatherization.

The Ticket to Work Program: The TTW program provides free job services to Social Security disability (SSDI and SSI) beneficiaries interested in returning to work. LCG has an approved Employment Network (EN) or Ticket to Work service provider.

Vocational Rehabilitation (Louisiana Rehabilitation Services - LRS): A one-stop career development program that offers individuals with disabilities a wide range of services designed to provide them with the skills, resources, attitudes, and expectations needed to compete in the interview process, get the

job, keep the job, and develop a lifetime career.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

LCG-CDP has identified a need for more collaboration and community input in its Consolidated Planning institutional structure. Numerous organizations are working to identify and assist with the housing crisis; however, there are disconnects in communication and actions to be taken. LCG-CDP has and will continue to inform the City-Parish Administration, Council, and the public of all Consolidated Planning activities so that each can participate in the planning process. In addition, we are actively pursuing opportunities to include more input by leveraging our elected officials' connections to the community.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

During PY 2023, LCG-CDP invited public and private housing developers and social service agencies to public hearings for the development of the PY 2024 Annual Action Plan. These meetings were held to discuss the types of priority activities the LCG-CDP will consider funding and to assess whether or not these agencies provided the services necessary for achieving the LCG-CDP's overall housing and community development goals. LCG-CDP attends the monthly ARCH (local CoC) meeting to understand the current state of homelessness better.

In addition, LCG-CDP's Housing Counseling Office has instituted monthly meet-and-greet opportunities for various non-profits and government agencies to discuss the work that they are doing and how we can coordinate more effectively for the benefit of the community.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The following actions were taken by the LCG-CDP Neighborhood Counseling Services Program to further fair housing and to address identified impediments to fair housing choice: 1) maintained a housing discrimination complaint hotline and related services provided at the Jessie Taylor Center, 2) conducted the annual Fair Housing Seminar which focused on fair housing laws and landlord/tenant rights and responsibilities, 3) provided training to LCG-CDP Human Services - Neighborhood Counseling Services staff to keep them abreast of legislation regarding fair housing laws, issues, and concerns. Continued education to NCS staff to keep certifications current, 4) distributed information to clients and participants at outreach events, education workshops, and one-on-one counseling sessions, 5) assisted clients in filing HUD form 903 for investigation by HUD (Neighborhood Counseling Services has a working relationship with the Louisiana Attorney General's office particularly in the area of Fair Housing and discrimination complaints. Discrimination complaints filed with HUD were also filed with the Attorney General's office.), and 6) continued homebuyer education activities and financial literacy workshops. Group education was offered to promote financial literacy, improve knowledge, decrease discriminatory practices, and advocate for consumers.

Neighborhood Counseling Services staff informed clients how to identify predatory lending during the Home Buyers Education trainings, pre-purchase, and default/delinquency counseling. It offered a free review of loan documents before signing and closing. Neighborhood Counseling Services understands that uninformed clients are more likely to become victims of predatory lending and abusive fair housing practices. Thus, it continues to offer training to identify these problems.

To address high levels of minority applicant loan denials, the LCG-CDP Neighborhood Counseling Services program encouraged potential homebuyers to attend one-on-one counseling sessions. Through counseling, clients were taught how to identify predatory lending practices and how to establish a reasonable budget and credit history. When clients were ready to purchase homes, they were given an explanation and a list of first-time homebuyer programs available to assist them with down payment and closing costs. Partnering lenders referred their clients to Neighborhood Counseling Services for pre-purchase counseling when their loans had been denied. Potential homeowners could schedule one-on-one counseling sessions that included an assessment of their financial profile (budget, credit report review), identifying personal needs relating to home ownership, and an action plan reflecting their financial situation.

LCG-CDP does not have a local fair housing enforcement agency; however, the LCG-CDP Neighborhood Counseling Services program refers all local fair housing cases to HUD, the local legal aid office, the Louisiana Department of Justice, and the Fair Housing Action Center.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

A list of all HUD-assisted activities has been developed, including the amount of HUD investment, type of activity, number of housing units, monitoring period for each activity, and dates of the most recent desk review and on-site monitoring. Each HUD-assisted activity is monitored during implementation and upon completion of the activity. The activity is then monitored in accordance with HUD regulations.

In accordance with the monitoring schedule, documentation is requested for completion of a desk review, an on-site inspection is conducted, and then an on-site monitoring visit is conducted. Any deficiencies noted during the on-site inspection and monitoring are reported to the agency for corrective action. Follow-up site inspections and monitoring visits are conducted until deficiencies are corrected. If deficiencies are not corrected or actions taken toward correction of the deficiencies within a reasonable time period (usually 30 days), then other legal steps are taken.

To ensure compliance with program requirements regarding minority business outreach, the LCG Small Business Support Services took the following actions:

- Notified economic development organizations of competitive procurement opportunities available through the LCG Purchasing Department;
  - Provided lists of Small Emerging Business to be inserted in each LCG bid packet for promoting contracts with WBEs and MBEs;
  - Participated in seminars and one-on-one meetings with vendors to build awareness of the LCG Minority Business Programs;
  - Identified and monitored contracts for WBE and MBE participation;
  - Required quarterly reports for WBE and MBE participation in LCG's Small Emerging Business Program; and
  - Ensured that all LCG procurement staff and department heads continually promoted, identified, and assisted WBEs and MBEs in LCG contracting opportunities.

## **Citizen Participation Plan 91.105(d); 91.115(d)**

### **Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The LCG PY 2023 CAPER public notice announcing the release of the CAPER was published on Sunday, November 17, 2024, in the Lafayette Daily Advertiser. The notice was published seven (7) days before the release as required by our Citizen Participation Plan. The public review and comment period began on Sunday, November 24, 2024, and ran for twenty (20) days until 5 pm on Friday, December 13, 2024. The Citizen Participation Plan requires the comment period to run for fifteen (15) days, but additional time was allowed due to the Thanksgiving holiday. Copies of the 2023 CAPER were available at the following locations: Lafayette Public Libraries (2): Main Branch – 301 West Congress St., Lafayette, LA and the Clifton Chenier Center Branch (Town Hall, Building C), 202 West Willow Street, Lafayette, LA; LCG-CDP Grants Administration Office, 705 West University Avenue, (Second Floor, Lafayette City-Parish Hall), Lafayette, LA; Lafayette City-Parish Council Office, 705 West University Avenue, (First Floor, Lafayette City-Parish Hall), Lafayette, LA; The Housing Authority of Lafayette, LA, 115 Kattie Drive (Administration Office), Lafayette, LA; and the LCG, CDP's Consolidated Planning website.

No comments were submitted by the public.

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

LCG-CDP did not change its program objectives and is not considering changes at this time.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

## **CR-50 - HOME 24 CFR 91.520(d)**

### **Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

There were no on-site inspections this year due to heavy personnel changes.

### **Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)**

LCG-CDP provided opportunities, to the maximum extent possible, to women and minority-owned business enterprises (WBEs and MBEs) for contract bids for all HOME and CDBG-funded activities, when applicable. The LCG encouraged the inclusion of these businesses in its list of approved WBE and MBE bidders and actively worked to recruit new contractors into the programs administered by the CDP. The LCG-CDP Office of Small Business Support Services ensured that WBE and MBE entities were included in contractor recruitment activities. LCG-CDP Office of Small Business Support Services provided outreach by facilitating mandatory pre-bid conferences in an effort to encourage primary contractors to establish alliances with WBEs and MBEs. In order to provide economic opportunities to WBEs and MBEs in HOME-funded projects, the Small Business Support Services did the following: notified economic development organizations of competitive procurement opportunities available through the LCG Purchasing Department; provided lists of Small Emerging Businesses to be inserted in each LCG bid packet for promoting contracts with WBEs and MBEs; participated in seminars and one-on-one meetings with vendors to build awareness of the LCG Minority Business Programs; identified and monitored contracts for WBE and MBE participation and required quarterly reports for WBE and MBE participation in LCG's Small Emerging Business Program; and ensured that all LCG procurement staff and department heads continually promoted, identified, and assisted WBEs and MBEs in LCG contracting opportunities. The LCG does not anticipate changes to these efforts during the period covered.

### **Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

Program income was used to support the First-Time Home Buyer program through loans provided to very low-, low-, and moderate-income households. Four (4) loans were disbursed totaling \$57,000 in HOME program income, which benefited one Black very low-income (30-50% AMI), one Black low-income (50-60% AMI), and three Black moderate-income (60-80% AMI) households.

In addition to the loans, three (3) houses built by Lafayette Habitat for Humanity utilized \$108,514 in

program income funds.
